

Applications for the Regional Job Creation Fund now open.

The NSW Government is supporting existing regional businesses in NSW to grow and encouraging interstate and overseas businesses to invest in regional NSW.

Find out more about the Regional Job Creation Fund.

Kempsey Aviation Business Park

The business park benefits from a strategic location on the NSW North Coast.

Strategically located mid-way between the lucrative markets of Brisbane and Sydney, as well as between the regional centres of Port Macquarie and Coffs Harbour, Kempsey Airport is a highly functioning and well-resourced asset.

The airport is currently utilised for a range of commercial and recreational purposes, including Kempsey Flying Club, private charter aircraft, Australian International Aviation College, medical and emergency services and Coffs Skydiving. Local company Macleay Aircraft Maintenance also operates from the airport.

The Kempsey Aviation Business Park opened in April 2015 and is fully serviced including roads, taxiways, power, telecommunications, water supply and wastewater.

A new fully automated aviation fuel facility was opened in February 2019, with a total investment in the business park (including State Government funding) of A\$3.5 million.

The Kempsey Aviation Business Park features:

- > Airfield space available for lease and hanger development
- > Customisable land options to suit all development needs
- > Light industrial opportunities
- > Expansive grounds
- > Automated aviation fuel facility
- > Technically superior runway
- > Suitable for 24/7 operations
- > Car parking
- > Close proximity to the service centre of Kempsey
- > Onsite aircraft maintenance service

Sites within the Kempsey Aviation Business Park are available now.

For more information or to express your interest in the Kempsey Aviation Business Park, please contact Louise McMeeking below.
